

IN THIS SEASON OF GIFT GIVING.....

THANK YOU!

THANK YOU!

THANK YOU!

I would like to acknowledge and thank the Social Committee for their recent \$5,000 gift to the parish. These ladies and gentlemen host different parish events, many at no cost for attendees. Even in 2020, despite the Pandemic the committee raised money throughout the year through various activities, such as this year's multiple garage sales and their take-out soups and pie sales. As your pastor, I am grateful for this hard working Committee's efforts and urge other parishioners to get involved.

Father Dave

This weekend some of the food that the group prepared for the Holiday Market will be on sale following Masses on Saturday evening and Sunday morning. Please stop in Billinger hall and support the sale.

The Southside Arts District is sponsoring a Christmas Tree Trail. There are 13 different trees located in businesses on 3rd and 4th Streets. Frank Sattler from Holy Ghost designed and built the steel tree outside of the National Museum of Industrial History. Next to the tree, there is a cobble taken from a roller at the Bethlehem Plant. Stop by to see Frank's creation – it's really cool, especially lit up at night!
